within teens and their family being a community of color.

The Girls Build Change Agents are hosting their 4th Annual Wellness Fair on Friday, April 29, 2022 at 1:30 p.m. This year we are modifying our program to focus on both mental and physical health as the experience of the pandemic has taken a toll on students and people in general. We hope to invite organizations that play key roles in prioritizing the mental and physical health of our community. We would like you to take part in educating our scholars. This would be an amazing opportunity for our peers to become educated on resources available to the public.

We appreciate your time and thank you in advance. Please let me know if you have any questions as we anxiously await your reply.

Thank you,
Girls Build: Change Agents
